An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 3, line 1, replace "claim 2" with:--claim 1--.

This amendment merely corrects an obvious typographical omission from applicant's amendment.

The following is an examiner's statement of reasons for allowance: The declaration by applicant is convincing that the combination of a Y zeolite and a ZBM-30 zeolite in the catalyst of the instant claims gives unexpectedly better results than the combination of the prior art relied upon. Furthermore, the declaration clearly demonstrates that ZBM-30 and ZSM-48 are not equivalent as suggested by the prior art (US 2004/0065584 A1, for example).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David M. Brunsman whose telephone number is 571-272-1365. The examiner can normally be reached on M, Th, F, Sa; 7:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jerry Lorengo can be reached on 571-272-1233. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
